

Monmouth County Mosquito Control

Monmouth County Mosquito Control

1901 Wayside Road, Tinton Falls, NJ 07724
Tel: 732-542-3630 Fax: 732-542-3267

The mission of the Monmouth County Mosquito Control is to provide County residents and visitors with protection from arthropod-borne diseases, while maintaining an environmental comfort level that is suitable for the enjoyment of outdoor activities.

Mosquito Control Schedule and Maps

Road maps and details of special mosquito control spray operations are posted on the [Mosquito Control Schedule and Maps](#) page.

Monmouth County residents can help to reduce the production of mosquitoes and the amplification of [West Nile virus](#) by diligently emptying containers of water. Be sure to check for standing water after every rain!

Call the hotline to obtain the latest and most current Treatment Schedule Information available.

Hotline Phone Number

Got Mosquitoes?

If you are experiencing a mosquito problem, submit a request for service by calling the office at 732-542-3630 or by completing the online form by clicking the *Request for Service* button to the right. A mosquito inspector will visit your property and surrounding areas to find the water sources producing mosquitoes.

Tick Testing

The Tick Identification and Testing Service of the MCMC Tick-borne Diseases Program is currently available to the residents of Monmouth County. At this time all ticks must be submitted in person at the Monmouth County Mosquito Control located at 1901 Wayside Road in Tinton Falls. Click on the *Tick Identification and Testing Service* button to the left for more information.
